SUMMARY

Motivated and reliable Master of Information Technology graduate passionate about launching a career in web development, with strong foundations in HTML, CSS, JavaScript and modern web practices—including responsive design. Proven ability to quickly learn and adapt, coupled with clear communication, attention to detail and a humble, team-oriented approach.

TECHNICAL SKILLS

- **Web Technologies:** HTML, CSS, JavaScript, TypeScript, React, Angular
- **Backend & Databases:** Python, C#, .NET Core, SQL
- **Tools:** Git, GitHub, Visual Studio Code, responsive design

EXPERIENCE

Community IT Support (Volunteer)

Clarence Park, Adelaide | Jan 2025 – Present

- Provide friendly on-demand tech support to local residents, focusing on Apple devices, Android phones/tablets, Windows computers and general tech gear
- Assist with setting up devices, installing apps and software, data backup and storage solutions as well as troubleshooting common tech issues
- Offer clear, patient guidance and practical tech advice to help neighbours build digital confidence
- Organise in-person support and advice within the local area, demonstrating approachability and strong community spirit
- Currently assisting a local bookstore owner with planning and building a new website

Full Stack Web Development Intern

Business Web Solutions (Remote) | Nov 2024 – Jan 2025

- Participated in a structured internship focused on full-stack web development using HTML, CSS, JavaScript, React, Python and Django
- Completed 17 modules covering both frontend and backend concepts
- Built practical projects to apply new skills and enhance problem-solving ability

Freelance Developer

Adelaide (Remote) | Jan 2024 – Mar 2024

- Designed an Excel-based roster planner for a client, using advanced formulas and VBA
- Worked closely with clients to deliver tailored tech solutions

PROJECTS

E-commerce App – .NET Core & Angular (Sep 2024)

- Built a web application featuring user authentication, responsive UI, and online payments
- Applied modern front-end and back-end web practices; deployed to Azure

454 Illustrator E-commerce Website – .NET Core MVC (May 2024)

- Developed a fully functional e-commerce site using .NET Core MVC, Razor, and SQL
- Focused on front-end design, usability, and payment integration

Kitchenware Content Management System (CMS) – PHP, HTML, CSS (Oct 2021)

- Developed editing and admin features for an e-commerce CMS as part of a team
- Applied vanilla HTML, CSS, and PHP to build and improve web pages
- Practised teamwork, project management, and code documentation

EDUCATION

Master of Information Technology

Flinders University, Adelaide, Australia | 2021-2022

- GPA: 6.81/7 | University Medal | Chancellor's Commendation (Transcript).

Bachelor of Accounting (Major: Auditing)

National Economics University, Hanoi, Vietnam | 2012-2016

- GPA: 3.73/4 | Scholarships all semesters

EXTRACURRICULAR

Standard Bank Software Development: Job Simulation on Forage (Mar 2024)

- Developed a budgeting feature for Standard Bank's mobile app using Swift and UIKit, employing Cuckoo mocks for TDD
- Collaborated with a virtual team to integrate and validate API responses, ensuring robust error handling

Commonwealth Bank Software Engineering: Job Simulation on Forage (Feb 2024)

- Extended backend services with C#, integrated MongoDB data storage, and tested endpoints via Postman
- Enhanced a React/Redux frontend by adding icon support and applied unit testing with xUnit to ensure code quality

CERTIFICATIONS

- Microsoft Certified: Power BI Data Analyst Associate – PL300
- HackerRank SQL Advanced, C# Basic, Java Basic
